MacWorld Bus Trip

- July 17, 2003
- Start making plans to join WAP for this 5th annual bus trip to and from NYC MacWorld in one day.
- And yes, the buses are nicer than the photo to the left.

iMovie SIG

- The second Thursday of the month.
- The Second Thursday of the Month, 7:30 - 9:00 PM
- E-mail Hal Cauthen for more info. chrgrhorse@aol.com

Where Did You Park?

- Parking for this event is authorized **ONLY** in the Cultural Center Parking Lot. This parking lot is located in front of the Ernest Cultural Center and plainly marked by a green and yellow sign.
- If you're parked on campus in a place other than the Cultural Center parking lot, you may receive a parking ticket.

WebTCS

“It’s like a general meeting, 24 hours a day, 7 days a week”

webtcs.wap.org

The screenshot shows a mobile browser window titled "TCS Sign In" with the URL "http://webtcs.wap.org/". The browser's address bar and navigation buttons are visible. Below the browser, there is a banner that says "welcome to the New TCS" with a penguin illustration. The main content area features a "tcs sign in" section with input fields for "Account name:" and "TCS password:", and a green "sign in" button. To the right, there is a "want a peck?" section with text explaining that users without a TCS subscription can click on a "Guest Pass" button to get a tempting sneak preview. Below the sign-in section, there is a "more info" section with instructions to enter account name and password in lower case, and to enable cookies. At the bottom, there is a copyright notice: "Copyright © 2000-2002 Washington Apple Pi, Ltd".

Programming SIG

- Everyone Welcome!
- The Current Focus is Cocoa
- Meets the Fourth Thursday of the Month. 7:30 - 9:30
- At the WAP Office

Volunteers Needed!

- Washington Apple Pi Needs You!
- There are all kinds of great ways to get involved in the Pi!
- E-mail vpvolunteers@wap.org and say “I want to help the Pi”

“You’ve got UNIX under the hood!” exclaimed this young Java programmer when the Pi attended the Digital Edge.

Retired SIG

- We try to help our members get more enjoyment out of their Macintosh computers by providing simple tutorials, help with operational issues, and fellowship.
- 9:30 - noon, the 3rd Friday of every month.
- for more information e-mail john.barnes@wap.org

Discounts & Specials

Did you know a number of companies offer specials and discounts to members of the Washington Apple Pi.

Visit www.wap.org/specials/

Even More Classes

- Using iMovie to Edit Video Content
- Putting AppleWorks to Work
- Adjustment and Image Layers in Photoshop Elements
- Maintenance and Troubleshooting for OS X
- How to Make Great Prints
- Lets Burn Some CDs

- Consult calendar.wap.org for details

Pi Filling X CD

- The X CD contains a wealth of Mac OS X applications, utilities, updates, drivers, documentation and how-tos, and even some "diversions" to make life with Mac OS X as wonderful as everyone says it should be, all selected and packaged by our subject matter experts.
- \$10 at today's meeting! or \$12 via snail-mail.

Computer Reclamation

● The Pi helps turn older Macs into useful machines for groups in need.

● Get involved!

- Help test, refurbish or distribute Macs.
- Donate working powerPC based Macs

● reclamation@wap.org
