

# Apple Pi 2016 Photo Contest

## Results

# How Photos Were Judged

- Judges picked the THREE photos in EACH category that they thought were are the best
- A rank of 1 being the best of the three
- Points were assigned to each rank:  
A rank of 1 = 3 points, 2 = 2 points, 3 = 1 point
- Factors were assigned to each judge based on their judging experience to weigh their assigned points

# About the Judging

- The judging results were close in many cases
- The individual ranking by the judges was quite often different though often included the same photos
- If you are interested in the detailed results, see me after the meeting
